## **Presentation 1.1.2**

Properly Citing Sources

# What is animoto?

- Animoto is a web 2.0 tool that allows you to produce slideshow video presentations in minutes.
- It has some advantages:
  - Limited technology skills are needed (need to know how to upload files).
  - The application edits your video.
  - Preset sounds and music are available in the gallery.
  - No two videos are the same.
  - Professional quality output.

# Steps to use animoto

1. Navigate to <http://animoto.com/>
2. Choose sign up

The screenshot shows the Animoto website homepage. At the top right, there are links for "Sign In or Sign Up", "Sign In with Facebook", and a prominent "Create Video" button. The Animoto logo is on the left. Navigation links include "Features" (with a blue arrow pointing to it), "Sample Videos", and "Plans & Pricing". The main banner features the text "Create stunning video slideshows" and "Turn your photos, video clips, and music into video masterpieces to share with". The background image shows a young girl smiling and a boy building a sandcastle. A play button icon is overlaid on the sandcastle, and a sample video thumbnail is shown in the bottom right corner of the banner.

# Steps to use animoto

3. Choose “lite” (free)
4. Complete the registration information.

Email address

Password Confirm password

# Steps to use animoto

5. Choose “Get Started”
6. Choose a video style, make sure you select the free version.

The screenshot shows the Animoto website interface. At the top right, there is a navigation bar with the text "Hi, Amy!", "My Videos", "My Account", and a "Create Video" button. Below the navigation bar is the Animoto logo. The main heading is "Pick a video style", followed by the text "This will determine the look and feel of your video. There's an Animoto style that's perfect for every story, event or theme." Below this, there is a grid of video style thumbnails. The first thumbnail is titled "Water" and features a blue background with white splashes. A large blue arrow points to a "Purchase Video" button on this thumbnail. To the right of the "Water" thumbnail is another thumbnail titled "Sample video" which shows a woman's face. On the left side of the screenshot, there is a filter section with the text "Filter by type:" and buttons for "All", "HD", and "Pro". Below the filter section is a thumbnail for "The Animoto Original" with an "HD" badge and a "Create video" link.

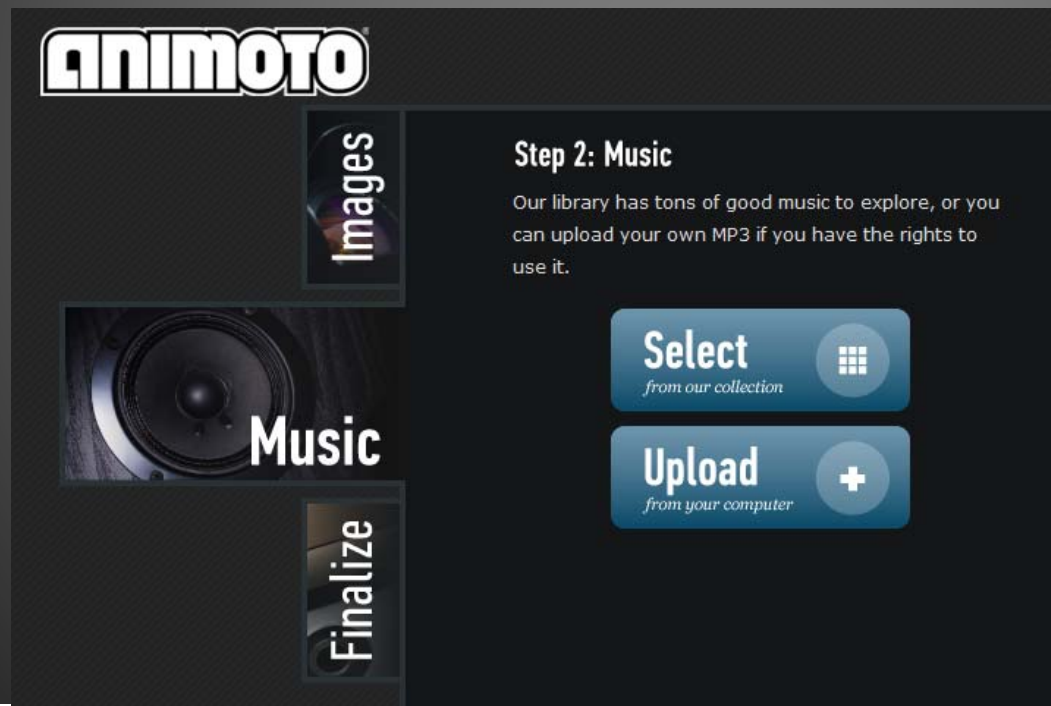

# Steps to use animoto

7. Choose Upload to add pictures from your research that you have saved to your computer.

# Steps to use animoto

8. Select the music tab to add music from the animoto library or upload your own.

# Steps to use animoto

9. Choose the finalize tab to set the settings for your final video and hit continue, and create video.

# Properly Citing Sources

Because you will be publishing to the web, you must be sure to adhere to copyright rules and terms of use.

MLA and APA are the most common formats for citing sources. APA is most appropriate for science and research fields. Therefore, we will use APA formatting for citations within this course.

# Properly Citing Sources

There are several online tools to help you with properly citing sources using APA formatting.

**NoodleTools:** <http://www.noodletools.com/> allows you to create an account and assists with formatting

**Citationmachine.net:** [www.citationmachine.net](http://www.citationmachine.net) allows you to select APA and the type of source

**Citation Builder:**

<http://www.lib.ncsu.edu/lobo2/citationbuilder/> allows you to enter the information for the source and converts to APA formatting

# Properly Citing Sources

- Be sure to cite your sources on your glogster page and place the proper citations at the end of your animoto video.
